8/1/84

Dar Gary,

Enclosed if Dallas FBI 89-43-224, SA Perryman to SAC, reporting that copies o Mary Morrman's polaroid is being copied prior to return to her, dated 11/23/63.

This is from the Dallas main assassination file, one of the earliest records init.

I'm not taking the time to go through my appeals files, but for your info I iled a number of ignored appeals. One of 8/4/78 and the first page only of another f 5/29/79 are enclosed. Sorry that the copier was not working well when I filed th latter appeal. Please note, if the copy enclosed is clear enough, that in it quote from a 1969 request for a copy of her pix, ignored to this day.

The 8/4 appeal notified the appeals office that DL had copies and kept that fat secret. (The constant shuffling I referred to yesterday, to get and return her piture rather than disclose existence of th copy of providing the copy for peanent Commission filing.)

I think this is all you asked for.

Best wishes
